## OPPOSE MINIMUM WAGE MEASURE

Richmond Merchants Wire Park and Wallace—Anti-Trading Stamp Bill Passes

About 14 or 15 Richmond business men shot in telegrams to Frankfort this week asking Madison's state senator, William L. Wallace, and representative Jim Park to oppose the minimum wage bill now before the General Assembly.

This bill, so it is understood, provides a minimum wage and other conditions that would hedge about the employment of female labor. A reply was received from Mr. Wallace Friday stating that he opposed the bill in the committee and would do so on the floor of the senate when it comes to a vote. Miss Jeanette Rankin, former Congresswoman from Montana and a number of other representatives of certain organizations have been lobbying for this measure.

## Trading Stamps Knocked Out

Frankfort, Feb. 3.—The House of Representatives Thursday passed the Anti-Trading Stamp bill by a vote of 59 to 26, after a debate in which Representative C. D. McCaw, of Paducah, Harry Miller, of Lexington, and Mrs. Mary Elliott Flannery, of Catlettsburg, spoke for the measure and Representative D. A. O'Donovan, of Covington, opposed it.

"The bill is very like the first bill we passed here," said Mr. McCaw. "That was to relieve the farmers of an intolerable condition. We are now asked to relieve the merchants of an equally intolerable condition. Trading stamps are a menace to merchandise, a cootie, a barnacle on Kentucky trade and a leech on legitimate transactions. I introduced this bill the first bill-day of the session. There has been every opportunity for discussion of it in committee and at other places since that time."

Mr. O'Donovan's arguments were based on the fact that a merchant receives a cash discount on which he buys. "He takes this account and buys trading stamps," he said. "He doesn't add a cent to the price of his goods. He has made money by paying cash and he gives that to his customers. You can buy as cheaply where they do give stamps as where they don't. You are seeking to take away from the women of the state something they want. You are taking a privilege away from the merchants. You might as well say that they must not give their customers Christmas presents."

"There are fifteen or twenty stores in Covington that give stamps, but nobody has to take them and nobody has to go to these stores. There are plenty of places that don't give them. 'It is strange,' said Mr. Miller, 'that if this bill is taking something away from the merchants and the women, which is not filling the coffers of some company, there are so many interests here to represent the interests of the Security Coupon Company. If this company is giving something away, all we want to do is to unload it; but if it is taking something, then we want to unload the merchant, and the people of their burden.'

"When a merchant buys stamps he pays \$2.50 for \$100 worth. When he takes them back, he gets \$2. That's a 20 per cent profit. It is fair to say that not over 80 per cent of them are redeemed. That gives the trading stamp company 40 per cent profit and the poor old ultimate consumer catches it every time. The merchant raises the cost of his goods 3 per cent when he takes stamps. The ultimate consumer gets 2 per cent discount and pays 3 per cent extra. We are here to help Kentucky, not foreign corporations and money interests. In the name of the merchants and the people of Kentucky who fill the coffers of the Security Coupon Company, take this millstone from around their necks."

Representative C. A. Nelson, of Hardin county, asked Mr. Miller why merchants who do not give stamps should fear those who do and Mr. Miller answered that when one merchant in a town gives them the others are forced to do so.

Mrs. Flannery said that she re-

## Today's Livestock Markets

Cincinnati, Feb. 3.—Cattle steady; hogs strong; pigs lower. Chicago lights 15c higher. Louisville, Feb. 3.—Cattle 200, slow; hogs 1,900, strong; sheep 150, steady; all unchanged.

## TWO BALLOTS FOR POPE BUT NO MAJORITY

Rome, Feb. 3.—Voting for the election of a Pope to succeed Benedict XV was begun by the Sacred Congregation today. No Cardinal received a majority on the two first ballots.

## HARDING SAYS HE'S SAVING MONEY FOR U. S.

Washington, Feb. 3.—Announcing the prospect of surplus government receipts over expenditures this fiscal year as a result of economy in the administration President Harding, speaking at the second business meeting of the government, declared he doubted "if any government in the world had made more persistent endeavor to cut down expenditures, institute economies and restore normal ways again than the American government." The President said that direct and indirect saving through operation of the budget bureau amounted to \$136,000,000. This and thrift, the President said, "made saving fashionable among the people."

## Allied Debt Bill Now Up to the President

Washington, Feb. 3.—The Senate amendments to the allied debt refunding bills were accepted today by the House. The measure now goes to the President who is expected soon to appoint a commission which is to open negotiations with the debt-ridden nations.

## Women's Rights Favored

Frankfort, Feb. 3.—The committee on Constitutional Amendments today reported Representative Arch Hamilton's bill to remove all legal disabilities of women. Representative W. G. Wheeler today announced he would meet his constituents in Bowling Green tomorrow to discuss taxation legislation.

## Entertain With Delightful Party

Mr. and Mrs. W. Gardner McGovern entertained a number of friends Saturday evening at their home at Panola, Miss Polly Rice, of Rice Station, being the guest of honor. Those present were: Mr. and Mrs. Guy Woolery, Mr. and Mrs. Frank Hord, of Speedwell, Misses Eunice Barker, of Irvine, Polly Rice, of Rice Station, Mattie, Mollie and Lucy Broadbent, Effie Riddell, Lillian Woolery, Lila Powell and Mrs. Mayne Fain, Messrs Harry Rice, of Pryse, Stanton Rayburn, of Irvine, Charles Moore, of Ravena, Ivey Bicknell, of E. K. S. N., Earl Gentry, Reed Bicknell, Dewey Powell and Millard Winkler, of Panola. Many enjoyable games were played and music rendered. Refreshments of fruits and candies were served. Everyone enjoyed the kind hospitality of the host and hostess.

## Two Good Sales in Lincoln

The Stanford Journal reports a couple of sales in Lincoln county. A good crowd attended the sale of J. T. and F. T. Rigby in the East End and bidding was spirited. Two-year-old mules sold at \$240 to \$250 per pair. 3-year-old mules \$252 per pair. Walking horses and cattle brought satisfactory prices. At the sale of personality of T. N. Butt in the East End, shoats sold at \$9.60 a 100 pounds; sows from \$18 to \$30 and pigs, \$51; cow and calf, \$85; light heifers, \$35; corn \$2.70 to \$3.

garded stamps as a nuisance and that people in her home town are bitterly opposed to them.

## SAFE BLOWERS ROMP IN LEX. LAST NIGHT

Lexington, Feb. 3.—Safe blowers had a harvest last night. A metal cabinet in the Leader news paper office was forced open and \$400 stolen. Two safes at the Henry Clay Fire Insurance office were robbed of about \$40. A safe at the Remedial Loan Company was broken open and a safe at the Strand theatre robbed. The latter's losses were not totaled. A million dollars worth of bonds were removed from the fire insurance office yesterday to a bank, according to President Froman.

## SMALL BLAZE EARLY FRIDAY AFTERNOON

The fire department was called out at 2 o'clock Friday afternoon to extinguish a small blaze which originated on the back porch of the home of Hugh Dargavell on East Main street.

There was no great damage done as the department soon had the blaze under control and only a small hole was burned in the roof. The origin of the fire is unknown. The property, a small dwelling, is owned by the Odd Fellows.

## Call For Clothing

On account of many men being out of work, the Welfare League is having more demands for second-hand clothing than it can supply. Practically all the homes in Richmond have contributed what clothing they had on hand for this cause. Consequently an appeal is made to those living outside the town and in the country. Everyone who can respond to this appeal is asked to bring the clothing, shoes, underwear or other articles on next Monday, and they will be received at the basement of the Baptist church between 8:30 and 4 o'clock. Any others in Richmond who will help meet the needs of those who are suffering in this way are asked to respond Monday.

## Attention American Legion

Jesse M. Dykes Post meets Monday, February 6th at 7:30 p. m. State bonus bill will be voted on. CHAS. R. GEORGE, Com. H. F. C. GENTRY, Adj.

## BUFFALO

Mrs. Wm. Cole and daughter, Mrs. Littell and son spent Saturday and Sunday with Mrs. Lucy Biggerstaff and family. The farmers that are in the pool seem to be very well satisfied with the price their tobacco is bringing.

The baby of Mr. and Mrs. Geo. Lauder who has been ill for some time, died Saturday morning, Jan. 28th. Mrs. Hattie Hale spent Saturday with Mrs. Emmett Million and family. Mrs. G. W. Stokely spent Saturday afternoon with Mrs. Lucy Biggerstaff and family. Mr. and Mrs. Col. Hale spent Wednesday with Mr. and Mrs. Jesse Hale.

Mr. Gibson is very ill at the home of his daughter, Mrs. D. M. Phelps.

## BLUE LICK

Several farmers are through breaking their land for corn. Sunday school closed until March on account of the bad roads and cold weather. Mr. Anderson Morgan bought two hogs for \$10 per hundred. Mr. and Mrs. W. H. Lewis, Mr. and Mrs. Chas. Lewis and Mr. and Mrs. John Quinn spent Sunday afternoon with Mr. and Mrs. J. Calvin Hendricks.

Mr. and Mrs. Anderson Morgan visited Mr. Morgan's parents at Duluth Sunday.

Dooley Hendricks and family spent Saturday night and Sunday with Mr. and Mrs. Frank Matthews.

Corn is selling at \$3 a barrel and fodder at 15 cents for a sixteen hill shock.

J. A. Carter sold a cow for \$40.

NOW is time to EAT FISH—Fresh Fish, Dressed Poultry and Oysters at NEFF'S phone 431.

## MAKING 'SHINERS LIVE HARD IN LINCOLN, TOO

Lincoln county recently installed a sheriff who is of the aggressive type of Sheriff Elmer Deatherage, of Madison. Down there, Sheriff George Debord has started warfare on moonshiners and bootleggers, too. There seem to be a lot of them, too, if results of one of the first raids of the new sheriff are a criterion. The Stanford Journal says of the raid and its results:

Saturday wasn't an exceptionally good day for finding illicit stills, but Sheriff George Debord, Deputy Sheriff John Meeks, Chief of Police George T. Wood and County Attorney Kelley I. Francis made a trip to the Broughtontown section in the East End and found three and brought them back to town with them. They also brought back four men on whisky charges. August Brender had a very complete still on his place and two barrels of beer about ready to be made into booze. The beer was destroyed. Two gallons of whisky was also found and that was taken in charge by the officers. A. H. Feldman's farm was next visited. A big fine worm was found as were some other parts of a still, and there, together with about two gallons of booze, were confiscated. Frank Heck was wanted on a whisky charge and he was arrested. No whisky or still was found on his premises. Anthon Moes was next called on. A still was found in his basement and beer to the amount of three barrels or more was destroyed. There was also men, stills, parts of stills, and three gallons of moonshine. The whisky were all loaded into cars and brought to Stanford, where Judge Bell allowed them bond in \$250. Of course they gave it and in less time than it takes to tell the story they were back home probably getting ready to start stilling again. What these birds need is to be kept in jail and it is a pity that Judge Bell does not make their bonds so high that they can not gain their liberty. That they are guilty there is no doubt and they should be held to the grand jury so they could neither ply their nefarious trade nor manufacture evidence which they might be acquitted. The Interior Journal is no lawyer and Judge Bell may be right and we may be wrong, but it strikes us that \$250 is mighty little to hold a man who is as certain of infraction of the whisky law as any thing can be.

Less than forty students are withdrawing at the close of the term and indications are that at least 300 new students will matriculate Monday and Tuesday of next week. Through the splendid co-operation of the Richmond people, this big student body will be amply provided with rooming accommodations. The institution is prepared to furnish board in the dining halls in Sullivan Hall and Burnham Hall on the campus.

## RUSHING MILITIA TO NEWPORT, AGAIN

Frankfort, Feb. 3.—Kentucky national guardsmen from pine cities today are converging on Newport, where the steel mill strike is on. Three hundred and fifty men ordered out of the Covington tank company are already on the ground. All troops are fully equipped for field duty and prepared to stay for an indefinite time. Troops were removed ten days ago on a promise that order would be kept. Yesterday, however, the authorities notified Governor Morrow the situation is beyond their control.

## Newport Quiet Today

Newport, Feb. 3.—This city is quiet today after a night during which several shots were fired in the rolling mill strike. Many persons in the strike area fled to their cellars and others to the homes of friends in remote parts of the city.

## Direct Line To Cincy

Manager H. P. Harris has been notified that in the future the Cumberland Telephone and Telegraph Company is prepared to handle conversations direct between Richmond and Cincinnati. In other words connection may be had straight through instead of having to go through the Lexington exchange and be routed again. This will be a considerable service to patrons of the Richmond exchange.

## Editor Falls To Death

New York, Feb. 2.—Jonas Marsh Libbey editor and international authority on industrial matters, plunged to his death Wednesday afternoon from a point high up on the 25th story of the Municipal building. His body fell in the midst of the lunch-hour pedestrians.

## Strange Goes After Joe Boggs' Commission

Frankfort, Ky., Feb. 2.—Abandonment of the present Highway Commission and the substitution for the commission and the engineer of a "Director of the Department of Roads," is proposed in a bill introduced by Representative E. L. Strange.

Mr. Strange's measure would require that the director be a man with business experience and fixes his salary at \$85,000 a year. He would have absolute charge of all road construction work and of the management of the road funds. The bill has been referred to Mr. Strange's own committee and is almost certain of a favorable report, it is said.

## Dinner and Supper The Kennadrich A Better Restaurant and Soda Fountain

I will sell privately my home on Sunset Avenue. The house is a 2-story frame of about 12 rooms and attic with modern conveniences, including hot water heating plant. Lot is large with good garage; concrete drive, etc. For further particulars see MRS. L. P. EVANS, Richmond, Ky.

## EASTERN BREAKS ALL ATTENDANCE RECORDS

The second term of the 1921-22 session at Eastern closes Friday. The enrollment for the ten-week term reached a total of 581 resident students. In addition to this number, there are 255 students enrolled in correspondence courses, making a total of 836 students in the Normal department.

The Training School records show an enrollment of 196 pupils. In the Model Rural School, on the campus, there are 46 pupils, bringing the population of the "Normal community" up to 823 which does not include the enrollment in the correspondence department mentioned above.

Enrollment figures for the second term for the last ten years are as follows:

Students	Students
1910-11—188	1911-12—220
1912-13—228	1913-14—222
1914-15—226	1915-16—257
1916-17—260	1917-18 (war)—169
1918-19 (war)—142	1919-20—232
1920-21—295	1921-22—581

It is interesting to note that the attendance this year has increased 186 over the same last year, or approximately 67 per cent.

## KENTUCKY BECOMING GREAT DAIRY STATE

Lexington, Feb. 3.—Kentucky now has 344,000 cows kept for milk and cream production that are worth \$33,000,000. J. J. Hooper, head of the dairy department of the College of Agriculture, told Kentucky farmers and their wives at the tenth annual Farm and Home Convention here today in pointing out to them the development and importance of the state's dairying.

Besides supplying the cities and farms with milk, these animals annually produce enough cream to make 5,300,000 pounds of creamery butter worth more than \$2,000,000, the speaker said. Mr. Hooper predicted that in another five years, the value of the state's dairy cows would exceed that of her horse stock, at which time the value of dairy cattle would exceed the value of all other domestic animals kept on the farm.

"Eighty farms out of every 100 in Kentucky are reported as keeping a few dairy cows while further indications of the interest which farmers are taking in dairying is found in the exhibits of dairy cattle made at the State and county fairs during the past year," the speaker said.

"For the first time in the history of the Kentucky State Fair, Kentucky cattlemen and dairy cattle breeders exhibited more dairy cattle at the 1921 fair than did breeders and dairymen from other states," Mr. Hooper said.

In line with the development of the dairy industry in the state more than 500 little cream stations are now scattered over the state with the result that a gallon of cream is more salable today than any other product produced on the farm, the speaker said.

"The farmers have learned that the cream check fills in gaps in the farm income," the speaker declared.

The interest of farm boys and girls in the dairying marks another step in the development of the state's dairy industry, the speaker pointed out. Through the cooperation of banks, 110 heifer calves have been purchased for junior agricultural club members in five counties of the state, according to Mr. Hooper. These will be used as foundations for future herds.

In speaking of the future development of the industry Mr. Hooper said "It is not anticipated that our farmers will go into dairying on a large scale, but they will keep from six to ten good cows."

## MABEL NORMAN SAW SLAIN MAN LAST

Los Angeles, Feb. 3.—The police are still without a clew today to the murderer of William Desmond Taylor, motion picture director, whose body was found yesterday in an apartment where Mabel Norman, moving picture star, was among the last to see him alive. She said she called at his apartment during the evening about a book Taylor had loaned her. Meanwhile the hunt largely is centered on a man whose skulking figure was seen near the Taylor apartment during the night he was slain.

Half a dozen cigarette stubs, found at a rear door of Taylor's home, indicate some man nervously waited for a chance to kill Taylor. This is the only clue to the mystery.

## Eagle Killed While Eating Sheep

An eagle measuring six feet, ten inches, was killed on Steve Ellis' farm in Casey county, says the Hustonville correspondent to the Stanford Journal. The eagle had been seen several times in the last few months. At the time it was killed it was eating a sheep.

## DRIVING STOCK OVER NEW PAVED STREETS

Discussed At Length At Council Meeting — Fifth Streets Wants A Sewer

Discussion of the trouble that cattle and hog shippers are put to in having to drive their livestock around side streets in Richmond to avoid the grass plots and lawns of residents on the paved streets, occupied the principal attention of the city council at its regular monthly meeting Thursday night.

Messrs. S. A. D. Jones, Wm. Wagers and Garnett Million presented the matter on behalf of the livestock men. Councilman J. K. McKinney and Mayor O'Neil agreed with them that the city desires to do everything possible to help out its farmer friends, so it was decided to have a meeting later of the Street Committee and livestock men and see what can be done to remedy any condition that they thing hurts them.

After considerable discussion of the practice of city employees of buying supplies for various departments of the city without let or hindrance, and charging same to the city, it was decided to have a meeting of the Finance Committee to decide upon a plan for purchase of the city's supplies in the future. Councilman James Crutcher said that it was not business-like to buy things for any body the way the city's supplies are bought.

Councilmen James W. Hamilton and Sam Turpin failed to show up for the meeting, but with Councilmen Crutcher, Martin, Benton and McKinney there was a quorum present when the Mayor called the meeting to order.

City officials' reports showed collections by City Tax Collector Dykes of \$825.45 during January. Jailer Charles Rogers' bill for January was \$40.95. Chief of Police Claude Devore's report showed collection of \$364 in fines during the past month. Police Judge G. Murray Smith's report showed \$205 assessed in fines in his court.

Mayor O'Neil reported that the 500 feet of new fire hose had been received. Upon his motion, Dr. W. K. Price was refunded \$8 for six months' medical licenses, as he did not begin practice until January 1st and the city fiscal year for license payments runs from July to July. F. G. York was also allowed three and a half months' rebate on meat license.

Councilman Benton reported on the purchase of garbage cans and the council voted to buy 24 new ones, half with hoods and half with tops at about \$50 a can.

Street Commissioner Allman reported that one sewer is finished and the other will be this week, when Councilman McKinney was asked to report on the sewers needed on the Hathaway and Sam Rice lots in the east end of town.

Councilman Benton suggested also that the people in the Evansdale section of the city were without water, lights and streets and he declared he believed that something should be done for them. Mayor O'Neil agreed with him and after considerable discussion, the matter was referred to appropriate committees to report back to the next meeting of the council.

Councilman McKinney presented a petition from residents on Fifth street for a sewer. This was referred to the Sewer Committee. Mayor O'Neil said that he knew this street needed a sewer and that others did, too, but that it had simply been a question of how much money the city had for this purpose. The Fifth street petition was signed by J. L. Kanatzar, Mrs. S. S. Combs, Mrs. S. K. Leavell, J. K. Chaney, Charles Nelson, Benj. Sewell, Allie Barnes, Dick Simpson, Robt. Walker, J. C. Hawkins, James P. Reeves, Thos. W. Reeves, Chas. H. Reeves, James P. Jones, John D. Durham, Milt Hall, J. F. White, J. B. Harris, Mrs. L. E. Farmer, W. R. Rowlette, J. A. Ham, W. H. Jones, James H. Ford and Advertising

That some men can do a good business in any year, entirely regardless of general conditions, has often been proved and it was proved again last year by Henry Ford. Retail dealers sold 1,093,000 cars, trucks and tractors in 1921, which was 104,213 more than they sold in 1920.

Does advertising pay? The Ford car is the best advertised product in America in every way. In the past sixteen months Ford has made four price reductions—the price of touring cars alone

### CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Doan's Kidney Pills. Your neighbors recommend them—Ask your neighbors!

Mrs. Lucy Horn, B and Prather streets, Richmond, says: "I had a good deal of pain in my side and across the small of my back. My back was lame when I got up in the morning and I was so lame through my hips I couldn't do a thing about the house. When I stooped over my back hurt and I would get dizzy and fiery specks came before my eyes. I had heard so much about Doan's Kidney Pills that I got some at the Richmond Drug Co. In a few days the trouble left me. I think Doan's have cured me for I don't have these specks any more."

A statement from the Ford people says that their December sales records for 1921 and 1922 indicate that both the farmer and the general public are now buying more freely. They look for a good year in 1922.

Merchants who do not believe in advertising listen: Do you believe that, great as the merits of the Ford products are, it would have sold over a million in 1921 if his product had not been the best advertised in America?

See what hustle and gumption will do in a bad year, a dead year, a year when most business men were satisfied with half their former business. If you've got anything to sell the public which it is worth their while to buy, advertise it!—Woodford Sun.

**Why Are Some Women Popular?** happy, beloved, and successful while others drag out a negative existence, of no use to themselves or anyone else? Except in a few cases the answer is to be found in a state of freedom from the troubles known as "female." The well woman radiates cheerfulness and serenity, while the ailing one repels because of her lack of these qualities. It is not necessary, however, to harbor sickness and pains, and the "blues" that make one a detriment to society. The use of Lydia E. Pinkham's Vegetable Compound has brought relief to such women and given them a new lease on life.

### Thank the A. P.

The Daily Register has been complimented on its publication of abstracts of the principal addresses before the Farm and Home Conference on at Lexington this week. It is through the incomparable service of the Associated Press that it is enabled to do so. The A. P. has a wonderful news gathering organization, and for some months has been covering Kentucky for its state service in a manner that would be hard to improve upon. The Daily Register is mighty proud of the news up to the minute that it is enabled to give its readers through the Associated Press. An instance noted a few weeks ago, but not commented upon at the time, was the death of "Marse Henry" Waterson in Florida. Hundreds of Daily Register readers within a radius of 50 miles or so from Richmond received their first news of the passing of the grand old man in the columns of this paper. The Associated Press is in a class by itself and the Daily Register is proud to be a member of it. Likewise it seems to be conceded that the Daily Register is the very best daily paper in Madison county.

### That Seven Million

Representative Meyer London, of New York, recently told Congress that more than 7,000,000 Americans were idle and that many of them were in want. Can this be a part of the "7,000,000 majority" that discarded Wilsonson at the polls about a year ago? We thought everybody was to be escorted back to normalcy over night by President Harding and that all of us would be fed with golden spoons, with pie for our breakfast, everything. What is the matter with Hardingism?—Ex.

Buy "Diamond Dyes" and follow the simple directions in every package. Don't wonder whether you can dye or tint successfully, because perfect home dyeing is guaranteed with Diamond Dyes, even if you have never dyed before. Worn, faded dresses, skirts, waists, coats, sweaters, stockings, draperies, hangings, everything, become like new again. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade or run.

### SENATOR GARNER HAS A SCHOOL BILL

(By Associated Press) Frankfort, Feb. 3.—Senator Pat Garner, Breckinridge county, is working on a bill which he says will materially aid the district graded and county high schools of Kentucky and ultimately prepare a greater number of pupils for the normal schools and the universities. He expects to introduce the measure the latter part of this week.

The idea of the bill, according to Senator Garner, is to increase the appropriations for the normal schools and allow a certain percentage of this appropriation for the district graded and county high schools. He has not decided upon the exact percentage the smaller schools will receive but thinks they will get enough to enlarge their present facilities so that more students will be turned out annually.

### WEALTHY WIDOW WOULD WED AGAIN

"Now that my stomach trouble has all disappeared since taking a course of Mayr's Wonderful Remedy, I would even consider getting married again. I cannot tell you how terribly I suffered before taking this great remedy." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One does well convince or money refunded. H. L. Perry and Son and druggists everywhere.

### STAGGERING FIRE LOSS IN 5-YEAR PERIOD

New York, Feb. 3.—Three hundred and thirty four thousand dwellings at \$5,000 each, sufficient to house 1,700,000 persons, could be built with the money lost in fires in the United States from 1915 to 1920, according to figures given out today by the National Board of Fire Underwriters. The board places the national fire loss during the five year period at \$1,672,722,677, based on examination of over 3,000,000 reports of fires.

Matches and smoking hazards are held responsible for \$90,000,000 of losses, according to the report. Next comes electricity, which caused fires costing \$86,000,000. Stoves, furnaces, boilers and pipes caused a loss of \$63,000,000; defective chimneys and flues cost \$61,000,000 and exposure, which means communicated fires, \$233,000,000.

Sixty-seven per cent of the total loss was caused as strictly or partly preventable.

New York suffered most heavily with a loss of \$164,000,000; Pennsylvania came second with \$97,000,000; Illinois third with \$88,000,000. Follow New Jersey with \$70,000,000; Ohio with \$63,000,000; Texas with \$59,000,000; Massachusetts \$58,000,000 and California \$54,000,000.

### LO, THE BEAUTIES OF BOLSHEVISM!

Moscow, Feb. 3.—This city has become a wide open town for the first time in its modern history. It is open for business, for thefts, for holdups, for fun, for disease and disaster, or speculation, for drinking for any and all things man or woman may devise.

The oldtimers of the staid pre-war regime can't recognize anything but the snow. It used to be, before the war, a sort of country, family town, as compared to the gayer skylarkings of St. Petersburg.

A Russian Rip Van Winkle, who had slept during the past three years, wouldn't know the town these nights. Church bells ring out for prayers. Communists and bourgeoisie, peasants and princesses are all scrambling for

### GIVE A BABY SYRUP PEPSIN

Constipation, biliousness and like annoying ills will quickly disappear

A MOTHER is always anxious to give the safest and best medicine to a constipated baby, but is puzzled which to select. Let her decide by the ingredients on the package.

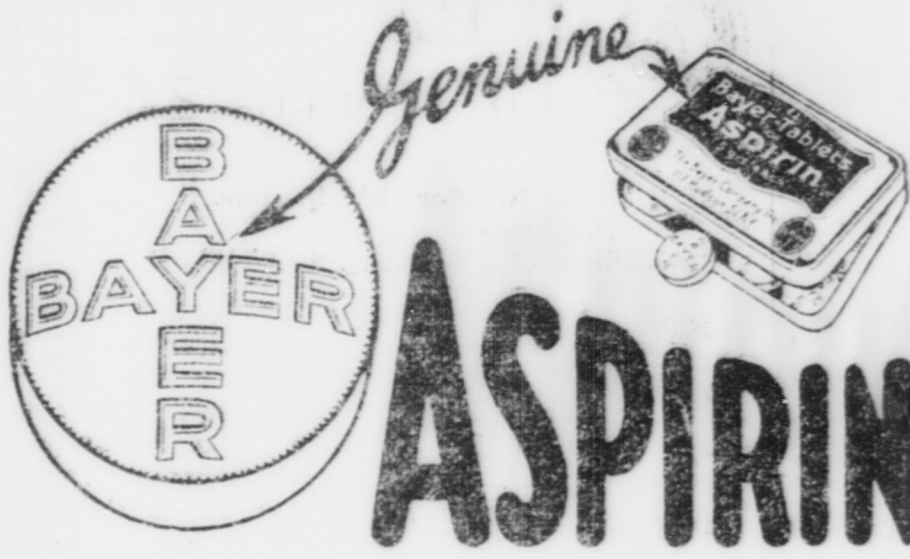

Every bottle of Dr. Caldwell's Syrup Pepsin has the formula printed plainly on the outside of the carton under the portrait of Dr. Caldwell, who wrote the prescription in 1892. You will find that it is a combination of Egyptian Senna and other simple laxative herbs with pepsin. It will not gripe the baby, and it is free from narcotics. A bottle sufficient to last a family several months can be had at any drug store, and the cost is only about a cent a dose.

child. Some contain minerals, coal tar and other drugs that might prove dangerous by over stimulating the intestines or depressing the heart. The ingredients of Dr. Caldwell's Syrup Pepsin are recommended by the U. S. Pharmacopoeia.

**Dollars and Cents**  
Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

MISS NELLIE COLLINS

"I have been thankful a thousand times I took Tanlac when I did. It is simply wonderful the way it has benefited me," said Miss Nellie Collins, 1330 Connecticut, avenue, Bridgeport, Conn. "About eighteen months ago my appetite began to fail and I seemed to be going into a decline. Nothing agreed with me and my nerves were keyed up to such a high pitch I was actually afraid they would snap in two. "But Tanlac has brought about a wonderful change in my condition. My appetite is almost ravenous, by digestion is perfect and I feel as well and strong as I ever did in my life. I never dreamed there was as grand a medicine as Tanlac in the world."

NOTE—The International Pharmaceutical Company, distributors of Tanlac, have on file in their offices in Atlanta, Ga., over fifty thousand signed statements from representative men and women from every state in the Union, and every Province in Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.

Tanlac is sold in Richmond by Stockton and Son, and leading druggists.

Miss Bettie French returned home from Louisville Thursday, where she had been the guest of Mrs. J. H. Jeffries. Miss Mary Huguley, who accompanied her, will remain for an extended visit to her aunt, Mrs. Jeffries, and sister, Mrs. E. J. Paxton, Waddy, Ky.

## MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggists for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## AT THE MOVIES

### Story of Love and Intrigue

One expects much from Lois Weber since "To Please One Woman" and "What's Worth While" swept the country. But that she has duplicated these efforts in her latest Paramount production, "Too Wise Wives," is proof that she knows how to write stories as well as to present them in a dramatic way. "Too Wise Wives" has been constructed with the idea that situation and climax must be emphasized, with full value placed upon suspense and quality so as to focus attention from the very beginning. The story is a compound of love, ambition and intrigue. It will be the current attraction at the local theatres next Monday, Claire Windsor and Louis Calhern enact the leading roles.

### For the Children

Too much care can not be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effective in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers, for

Mrs. W. E. Luxon, Sr., has returned from a visit to her sister, Mrs. Jackson Brandenburg, in Lexington.

### Periodic Bilious Attacks

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not crave food, but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets, the attack may be avoided.

## IF STOMACH IS BAD

### LET DIAPEPSIN END GAS, INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for indigestion, Gases, Flatulence, Heart burn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually.

### RUTHTON

Miss Emma Sowers is spending several days with relatives and friends before returning to her home in Garrard county.

Mrs. Leslie Agee spent Sunday afternoon with Mrs. J. H. Moores.

Mr. and Mrs. W. L. West and children spent Sunday with Mr. and Mrs. Hanson Moberley.

Mrs. W. L. West spent Saturday afternoon with Mrs. Clay Long.

Mr. James Richardson, of White's Station, was here Monday on business.

### Chronic Constipation

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation.

**Dollars and Cents**  
Counting it only in dollars and cents, how much did that last cold cost you? A man may not always stop work when he has a cold, but perhaps it would be better if he did. It takes about ten days to get completely rid of a cold under the usual treatment. That time can be much shortened by taking Chamberlain's Cough Remedy and proper care of yourself, in fact, a bottle of this remedy in the house is a mighty good investment during the winter and spring months.

MISS NELLIE COLLINS

"I have been thankful a thousand times I took Tanlac when I did. It is simply wonderful the way it has benefited me," said Miss Nellie Collins, 1330 Connecticut, avenue, Bridgeport, Conn. "About eighteen months ago my appetite began to fail and I seemed to be going into a decline. Nothing agreed with me and my nerves were keyed up to such a high pitch I was actually afraid they would snap in two. "But Tanlac has brought about a wonderful change in my condition. My appetite is almost ravenous, my digestion is perfect and I feel as well and strong as I ever did in my life. I never dreamed there was as grand a medicine as Tanlac in the world."

NOTE—The International Proprietary Company, distributors of Tanlac, have on file in their offices in Atlanta, Ga., over fifty thousand signed statements from representative men and women from every state in the Union, and every Province in Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.

Tanlac is sold in Richmond by Stockton and Son, and leading druggists.

Miss Bettie French returned home from Louisville Thursday, where she had been the guest of Mrs. J. H. Jeffries. Miss Mary Hugely, who accompanied her, will remain for an extended visit to her aunt, Mrs. Jeffries, and sister, Mrs. E. J. Paxton, Waddy, Ky.

**MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS**

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

### AT THE MOVIES

#### Story of Love and Intrigue

One expects much from Lois Weber since "To Please One Woman" and "What's Worth While" swept the country. But that she has duplicated these efforts in her latest Paramount production, "Too Wise Wives," is proof that she knows how to write stories as well as to present them in a dramatic way. "Too Wise Wives" has been constructed with the idea that situation and climax must be emphasized, with full value placed upon suspenseful qualities so as to focus attention from the very beginning. The story is a compound of love, ambition and intrigue. It will be the current attraction at the local theatres next Monday. Claire Windsor and Louis Calhern enact the leading roles.

#### For the Children

Too much care can not be exercised in selecting a cough medicine for children. It should be pleasant to take, contain no harmful drug and most effective in curing their coughs and colds. Long experience has shown that Chamberlain's Cough Remedy meets these conditions. It is a favorite with many mothers. feb

#### Periodic Bilious Attacks

Persons subject to periodic bilious attacks will observe that their appetite fails them just before an attack. That is, they do not crave food, but eat because it is meal time. If they will eat only a light meal and no meat, then take two of Chamberlain's Tablets, the attack may be avoided. feb

### IF STOMACH IS BAD LET DIAPEPSIN END GAS, INDIGESTION

"Pape's Diapepsin" has proven itself the surest relief for indigestion, Gases, Flatulence, Heart burn, Sourness, Fermentation or Stomach Distress caused by acidity. A few tablets give almost immediate stomach relief and shortly the stomach is corrected so you can eat favorite foods without fear. Large case costs only few cents at drug store. Millions helped annually. ad

#### Chronic Constipation

There are people who never have a movement of the bowels without it is produced by a cathartic. Most of them have brought that condition on themselves by the use of mineral waters and strong cathartics that take too much water out of the system and aggravate the disease they are meant to relieve. A mild laxative tonic like Chamberlain's Tablets affords a gentle movement of the bowels that you hardly realize has been produced by a medicine, and their use is not so likely to be followed by constipation. feb

## FARMERS SHOULD RAISE MORE GOOD UTILITY HORSES

Federal Authorities State That Horses Are More Economical on Farms Than Motorized Tractors or Trucks—An Infusion of Thoroughbred Blood Gives Spirit, Vigor And Endurance To All Breeds

There is now a recognized "horse zone" where short hauls and frequent stops are necessary in both city and country into which the truck and tractor cannot enter and compete with the horse without loss to the merchant and the farmer. After a costly experiment the horse is coming into his own, displacing the motorized truck and tractor, particularly on the farm, where it has been conclusively demonstrated that there is economy in breeding a suitable type of horse for a varied agricultural service.

At a recent meeting in Chicago of the Horse Association of America, H. C. Taylor, Chief of the Federal Bureau of Farm Markets, presented some interesting figures, the result of official investigations, proving that horses are more economical in every field of operation on farms than the motorized tractor or truck.

Computed on 1921 feed prices, the cost of power per acre, according to the U. S. Department findings, is \$1.37 for plowing with horses as compared with \$1.72 with tractors; disk, \$1.37 with horses and \$1.55 with tractors; disk in combination, \$1.37 with horses and \$1.55 with tractors; harrowing 15c with horses as against 30c with tractors; drawing hay loader, 52c with horses and 91c with tractors; and drawing grain binder, 31c with horses, 55c with tractors.

The value of mechanical motive power is clearly recognized by the Horse Association of America, but after a thorough nationwide inquiry, it has been shown that the enforced displacement of the horse in farm work has been expensive to the farmer and has increased the cost of living to every family in America. The various State Agricultural Colleges, particularly in the central west, are stressing the point that horses should be bred for the definite qualities which stand the test of long hard service, an infusion of thoroughbred blood giving spirit, vigor and endurance to the colder breeds.

George Lane, head of a \$1,000,000 live-stock ranch in Canada, in a recent letter to Wayne Dinsmore, Secretary of the Horse Association of America, said:

"I have crossed Thoroughbred sires on broncho mares; on high grade Clydesdale mares; on mares sired by Percheron stallions out of broncho dams; on mares that were 3/4 or 1/2 Percheron; and whenever I had a pure bred Percheron mare that would not settle to a Percheron sire, I bred her to a Thoroughbred sire, and usually got such mares in foal, the result being a crossbred Thoroughbred Percheron. We have bred the female produce resulting from these various crosses to both Thoroughbred and Percheron sires, so that we have horses carrying various degrees of Thoroughbred blood—from 1/2 to 3/4 bred from mares of various types and blood strains. From long experience in the use of such horses, and our actual breeding operations, I know that the Thoroughbred cross on any draft mare increases quality, endurance, and length of life."

The manufacture of mechanical motive power already has caused an enormous drain upon our available labor resources, so that every time a farmer, or business man, buys a mechanical power unit which he does not absolutely need, he is simply bidding up the labor market against himself. Nor can the market for coarse grains be left out of consideration. The displacement of horses occurring in the years 1910 to 1920, destroyed an annual market for over 113 billion bushels of oats, 70 million bushels of corn and 4 1/2 million tons of hay—more than the average total export per year on these items. The curtailment of city demand cuts off not only the outlet for surplus farm horses, but this great market for staple farm products.

### CITY COUNCIL

(Continued from page 1)  
same condition obtains in Burnamwood and other sections of the city.

Councilman Crutcher brought up the question of switching the night and day policemen every month. Chief Devore said this is done every few months, but not regularly. He said the present night men were newer on the force and not entitled to it yet.

Councilman McKinney insisted that the city employees must know their duties and be doing them. He said that the street workers and others oughtn't to have to be told what to do all the time, and that if a house was being run unlawfully, the police oughtn't to wait until some citizen came to invite them and told them of it, but should investigate conditions. Several councilmen said they noticed the garbage man passing refuse on the street or sidewalk, when a stop of a minute would clean it up. Street Commissioner Allman said he would take up the matter with him.

Mr. Jones then brought up the live stock driving question. During discussion, in which was brought out the trouble cattle men have with their herds in town, sometimes, Councilman McKinney said he was driving a drove of steers through town one time and out Irvine street to the shipping pens. He lost one steer and later it was found in the colored church.

Council voted City Collector Dykes \$15 a month additional for a collection of license taxes. City Treasurer Turley reported the following balances to the city's credit:

School bond skn. fund. \$1,614.39  
School fund \$1,900.85  
Street and sewer bond sinking fund \$17,810.34  
Street abutting as. bond \$879.58

Total \$22,205.16  
Overdraft \$10,037.30

Net Balance \$12,067.86

Mr. Turley reported that the State Bank & Trust Company had paid \$1,000 on school bonds due the first of the year together with \$325 interest. These bonds were presented to the council and burned. A motion to pay the bank for same carried.

Upon motion of City Collector Dykes an old tax bill against Wm. Rayburn for \$41.26 was turned over to the city attorney. Mr. Dykes also presented a list of unpaid license taxes. There was some question of whether the Madison warehouse as operated by the Burley Tobacco Growers' Association now should be required to pay a license tax.

Councilman Crutcher said that it seemed to him that if the Home Warehouse was required to pay a license tax that the Madison warehouse should be required to pay it, also. This matter was left open for consideration, however. The unpaid licenses and a number of unpaid tax bills were turned over to the city attorney for collection. After auditing of the bills, they were ordered paid and the council adjourned.

## A SPECIAL FOOD FOR OLD PEOPLE

A Great Discovery Made At A Well-known Medical College To Ward Off Feebleness in Old Age

There has been a good deal of discussion lately in regard to old people—some at 50 call themselves old and really appear so, while others at 70 years seem active, vigorous and strong.

We see it illustrated every day, all around us. It is not years, but loss of vital force, probably caused by malnutrition, that makes a person seem old. Weakened digestion, thin blood and poor circulation soon start vitality on the wane.

Therefore, we feel free to say, every man and woman who feels old, whether they are so in years or not, will be interested to know that for sometime the medical profession has been recommending dietetic treatment for such weak, feeble, nervous conditions.

Now Nutritional science has come to the rescue, and for the first time since we have conducted a drug store we are able to furnish you a remedy that has been tested and approved by a Professor of Physiological Chemistry at one of America's greatest Medical Colleges, known as SUSTO Nutritive Tonic Tablets. They have really proved a wonderful discovery to ward off the feeble conditions of old age and keep one active and well. They supply in concentrated form the strength and life-giving elements of yeast, rice, eggs, milk, with beef protein and iron which are lacking in our daily food. They are easily digested and give one a hearty appetite, promote sound sleep, and impart strength and vitality to every organ of the body. We guarantee SUSTO.
